

Harbor Town Apartment Homes

Memphis, Tennessee

Trammell Crow Residential
345 Units
12.3 Acres
28 units/acre

The goal of the Harbortown Apartment Homes was to maximize density while allowing corridors to view the Mississippi River and streetscape. Harbor Town Apartment Homes conform to the street concept of development by incorporating three-story through units with internal parking. Smaller buildings with ground floor porches, wood siding, and wood detailing have made this a very successfully leased property since its completion in mid-1991.

8340 Meadow Road
Suite 150
