

Sphinx at Fiji Seniors Senior Housing

Dallas, Texas

Sphinx Development
130 Units
5.91 Acres
22 units/acre

Sphinx at Fiji Seniors is an affordable housing community and it is the first phase of a four-phase project. Future phases include retail with lofts above, for-sale townhomes and high-density multi-family residences. The project is located across the street from a light rail transit station and four miles from the central business district which is a benefit to residents, especially the seniors. Amenities for the senior project include a theater room, business center, arts & crafts room, fitness center, dining room with a warming kitchen and a sun porch to be used exclusively by the senior residents.
