JHP strives to deliver market-rate quality and finishes in all of its affordable housing projects. Crown Meadows townhomes designed for SAHA achieves this goal by providing 9-foot ceilings with crown molding, built-in bookcases, ceiling fans, washer/dryer connections, high-speed Internet connections and breakfast bars. The townhome design includes a mix of one-, two-, and three bedroom, two-story townhomes units located in a quiet residential neighborhood within walking distance of convenient shopping.
