MerryPlace is an urban infill redevelopment project that includes affordable rental apartments, condominiums, townhouses, single family homes, and a mixed-use component. The site encompasses 14 acres, immediately adjacent to downtown West Palm Beach. At final build-out the development will include 128 affordable rental apartments, 114 home ownership units, and a community center. Noteworthy fact, MerryPlace will be the first affordable housing development in the State of Florida to be a Certified Green Community by the Florida Green Building Coalition.
