

Universe Project at the University of Utah

Master Planning

Salt Lake City, Utah

Inland American Communities
282 Units
7.9 Acres
35.7 units/acre
85,000 sf Retail & Entertainment
45,000 sf Office

The University of Utah is developing a transit-oriented development (TOD) on a prime 7.9-acre site at the southwest corner of the University of Utah Campus. JHP is working with the University and the community to deliver a high-quality, mixed-use project (the "Universe Project") that includes commercial uses, housing, and public/student parking. The future development should create a vibrant campus center, associated commercial uses, and housing on the site.
